

Are you passionate about the manufacturing sector? Are you interested in optimization and modernization in the context of [#Industry4.0](#) ? Then we would like to invite you to join us for an engaging workshop and networking event.

The Belgian Embassy - Economic and Trade Representations of Flanders (FIT) and Wallonia (AWEX) to Poland, together with [Agoria](#) - the Belgian Federation for technology companies, and with the support of the Polish government organization responsible for the digital transformation of Polish industry - the [Future Industry Platform](#), invite you to connect!

At this seminar Belgian companies will present solutions to optimize costs and production processes. Industry organizations will share leading perspectives and trends for the Factories of the Future in Poland and Belgium.

Participation in the seminar is entirely free of charge and offers you the opportunity:

- ✓ Stay informed about the latest developments and trends in the industry.
- ✓ Forge new connections with companies from Belgium and Poland within the sector.
- ✓ Engage in valuable exchanges of insights and experiences, and collaborate to find solutions to challenges in production processes.
